What Residents are Saying

Amber R.

"Just moved back! I lived here for almost two years in 2021-2023 and unfortunately had to move down the hill for a year but my job gave me the chance to move back and I was able to actually move back into my same unit I had previously. I've lived in Tahoe multiple times in different areas and this has by far felt the most at home. From the location, to the floor plan, and size for the price you really can't."

Live Well

Raising the Standard of Resident Experience

At [North Coast Living](#), investing in our people means investing in the resident experience. Last week, 25 North Coast leaders, including Regional and Senior Business Managers, gathered in San Diego for a two-day Train the Trainer program in partnership with Moran Consulting, a nationally recognized customer service and culture change firm. The training focused on the moments that matter most in apartment living, from leasing tours and renewals to maintenance follow-up and resident communication. These leaders are now bringing those tools and service standards back to their communities across the portfolio, helping create an even stronger resident experience company-wide. Sierra Vista is proud to be part of a team that continues to prioritize growth, excellence, and meaningful community connection.
